BEN AND THE SHM HYDRAULIC TRUCK

## SHM'S NEW HYDRAULIC TRUCK

Swan Heavy Mechanical has welcomed a new addition to the fleet, a fully equipped hydraulic service truck. This upgrade means we can now bring our reliable hydraulic support directly to you, saving valuable time, minimising downtime, and keeping your machinery moving.

The truck has already proven itself in the field, allowing our team to repair hydraulic hoses on-site without the need to remove the entire hose. It's fast, it's efficient, and it takes the hassle out of hydraulic breakdowns.

Whether you're bogged down in the paddock, on the worksite, or simply need assistance without the disruption to your day, we've got you covered.

If you find yourself in a spot, give Luke a call on 0497 196 700 and he'll organise a team member to be there when you need them most.

We are here to keep you moving!

SPOOKY TREATS TO CELEBRATE SPOOKY SEASON

## SPOOKY SEASON IN THE BAKERY

October saw the bakery transformed for a fortnight of spooky fun, and it was a treat-filled success! From pumpkins and ghosts to Frankenstein's and cobwebs, our shelves were bursting with themed treats, spooky boxes, and even our friendly skeleton, Boney Boris, keeping watch over the bakehouse.

It wasn't just spooky treats on the menu, October also brought birthday celebrations for our team! Our Director, Craig Swan, was surprised with a custom birthday cake decorated just for him.

While Charli Medlow, our Marketing Manager, enjoyed a custom donut filled with cream and custard. Back in the bakehouse Charli Castle whipped up two special giant Halloween donuts to celebrate the occasion. It was a short but sweet fortnight of fun, flavour, and creativity, the perfect way to celebrate the spooky season.

A huge thank you to everyone who joined in the festivities and enjoyed these limited-time treats. We can't wait to whip up more delicious surprises for the next special occasion!

## SWAN EARTHMOWERS CURRENT PROJECTS UPDATE

The Swan Earthmovers crew has been busy across several key projects this month, keeping the machinery moving and the trucks rolling.

At Wellington, we're working on filling in a swamp with a large quantity of topsoil, with multiple trucks carting material from our Wellington Pit to the job site, a big job that's coming together nicely.

Meanwhile, the crew is still supplying material to the Salt Creek parking bay, supporting the ongoing construction work. Over at Loveday Bay Road, crushing operations are continuing, producing the high-quality product our customers rely on.

It's all hands on deck for these projects, and our team is proud to keep things running smoothly, efficiently, and safely.
